

# Why Waste - Ashton Morton Slack

Why Waste is a free online waste exchange for businesses in Yorkshire and Humber, funded by CO2Sense.

Why Waste matches up organisations that have waste, with others that can recycle or reduce this waste for little or no cost.

This helps companies to manage their waste streams, reduce costs, reduce the amount of waste being sent to landfill, and ultimately reduce the amount of CO<sub>2</sub> being emitted.

To date, Why Waste has helped 226 companies and organisations dispose of their waste, and diverted 10,000 tonnes from landfill.
