**Frequently asked questions**

Question	Answer
How does the business journey work when a business is eligible for a carbon trust review and they have been recruited by another partner or consultant	As the application forms come through me .I would also be available to signpost the business appropriately
Can you confirm the fee arrangement for the initial day of support?	The initial day of support is free. As this is a grant the business will need to pay the full costs of the consultancy and capital support that follows thereafter. For this the business will need to show that it has paid the consultant (for consultant support) and paid for capital equipment. Once the business has shown the payment has left their back account, CO2Sense will reimburse them the 50% of the costs excluding VAT.
How do I know if I'm eligible for a similar national support?	once you have completed RERT the consultant/partner or CO2sense who assisted you through this process will be able to look at the report and advise you as to what the next steps are
Is a retailer eligible?	<p><b>The following business are not eligible for capital support</b></p> <ul style="list-style-type: none"> <li>•Provision of local social welfare facilities eg nursing homes, fire stations, child minding facilities, sport facilities, parks, public libraries</li> <li>•Mobile infrastructure – buses and boats <ul style="list-style-type: none"> <li>• Retail facilities</li> <li>• Coastal Protection, soil conservation and infrastructures</li> <li>• Major infrastructure in ports</li> <li>• Building and renovation of housing except energy efficiency and renewable energy</li> </ul> </li> </ul> <p><b>ineligible for revenue support</b></p> <ul style="list-style-type: none"> <li>• Fishery and agricultural sectors</li> <li>• Primary production, processing and marketing of agricultural products sectors</li> <li>• Coal, shipbuilding and steel sectors</li> <li>• Synthetic fibres sector</li> <li>• School age education establishments</li> </ul>
